

NRA National JROTC 3- Position Sporter Air Rifle Postal Match

Competitors will be grouped in each service category by academic school year (freshman, sophomore, junior and senior). TARGET/SHOTS PER BULLSEYE: AR-5/10 targets (10 record bullseyes/2 sighting bullseyes) are required. Only one shot is fired on each record bullseye. Target acquisition is the responsibility of the JROTC unit. Any targets printed before 2003 will be disqualified.

COURSE OF FIRE:

3-Position 30 shots. Shots must be fired in the position order stated. Ten shots in each position: prone, standing and kneeling.

WITNESS: All record firing must be witnessed by a JROTC instructor.

ADMINISTRATION: Targets are no longer required by NRA. All targets will be kept by the Coach until 30 days after the final results are posted on the web.

SCORING: Each target is to be scored by two JROTC instructors who score the same target at the same time. Both instructors must agree on the exact value of the shot hole. If they disagree, an "outward" scoring plug must be used. If both instructors still disagree, a third party must break the tie. **All shots visually close to any scoring ring must be plugged.** Plugged shot holes must be identified according to rule 14.3.1. The total target score (10 shots) is then entered on the target label and initialed by the two instructors.

IMPORTANT NOTICE:

In order to maintain the highest possible standards in all NRA sponsored or co-sponsored postal matches, the NRA reserves the right to investigate unusually high scores submitted by competitors of unknown ability (no current shoulder-to-shoulder classification on file, etc.). The NRA also reserves the right to observe a firing of substantiating scores. This refiring will be accomplished on NRA registered targets in the presence of an NRA appointed witness.

Failure on the part of the competitor in individual matches or the coach in team matches to cooperate will result in disqualification. Failure to approximate the original scores when the substantiating scores are fired will result in the NRA recording only the substantiating scores.
